Perfect for adding color to line art images of people, nature, and more. Use the Color Lifter to add highlights and dimension. Colors shown are: Light, Medium Light, Medium, Medium Deep and Deep.
2. **Stampin' Cut & Emboss Machine, \$125.00**: This machine makes precise cuts and detailed embossed images every time.
3. **Paper Trimmer, \$25.00**: This basic tool makes any crafter better equipped to take on production projects! Easy Peasy, lemon squeezy! The extra-wide 7-3/4" (19.7 cm) cutting base and extendable 17" (43 cm) ruler accommodate large paper projects
4. **Wink of Sella Glitter Brush, \$8.00**: If you like to sparkle & shine, let your projects reflect a little glimmer, with this pen. Add to any image to add a little or LOT of sparkle.
5. **Stampin' Ink Refills, \$4.00**: While these are obviously used to refill Stamp Pad, they are also amazing to use on their own! Add a little rubbing alcohol to a few drops of ink and you will have a beautiful pallet to paint. It also is wonderful when you dip your Wink of Stella into the ink and paint your stamped images. It also can be used as a watercolor when you just add a little water!
6. **Embossing Additions Took Kit, \$27.00**: This is a fabulous addition to any crafter's tool box. The tray works as a container when working with embossing powders, sequins, or glitter. The silicone embossing bag, takes away static from your paper when you are using the static-y powders. The tweezers keep your fingers from getting scorched from the Heat Tool & the Brush removes excess powders from your projects.
7. **Heat Tool, \$30.00**: It melts embossing powder and helps wet ink to dry more quickly. The Heat Tool is slim, sleek, quiet, and easy to hold. It has two heat settings: low for drying ink, high for heat-setting powder and has a protective plastic tip to cover the hot metal end.
8. **Embossing Powders, \$18.00**: Make your stamped sentiments and images pop off the page with the bright metallic hues. Use with VersaMark Pad and Heat Tool. Also available in Basics.
